Article III(A)
Retirement Severance Benefit

Effective Date: The following amendments are made to the Contract Agreement between the Triton Board of School Trustees and the Triton Teachers Association, signed the 6th day of *October 2003*. These amendments shall be effective with respect to any teacher retiring on or after the 1st day of June 2004. Any teacher who has retired before the effective date will only be entitled to those benefits contained in the Contract Agreement as of the time of his or her retirement, but as may be otherwise revised from time to time.

An individual who is employed as a bargaining unit member at the time of retirement or severance from employment will be eligible for the following severance benefits provided the teacher has otherwise satisfied the requirements and conditions described below.

Group Health Insurance

Immediately following severance, the teacher and his/her spouse, if any, shall have the option of remaining in the Corporation's current group health insurance plan if all of the following conditions are met as of the date of severance and thereafter:

1. The teacher was enrolled in the Corporation's group health insurance plan during the school year immediately before retirement;
2. While the retired teacher and spouse, if any, remain enrolled in the health insurance plan, the retired teacher and spouse shall pay the entire insurance premium applicable to the insurance coverage. Premiums must be paid prior to the month of coverage. Monthly premiums shall be due in the central office by the 23rd day of each month for the succeeding month of coverage; and
3. Within ninety (90) days of the retirement date, the teacher has provided a written request to the School Corporation for continuing insurance coverage for the teacher and spouse, if any.

When a retired teacher first becomes eligible for Medicare, the teacher's eligibility to continue to participate in the Corporation's group health insurance plan shall terminate, if not earlier terminated according to applicable law. (The same termination of eligibility shall also apply when a retired teacher's spouse first becomes eligible for Medicare.) It is acknowledged that the parties intend these provisions to comply with applicable federal and state laws that establish an eligible teacher's right to continue health insurance for the teacher and spouse, including if otherwise applicable, Indiana Code 5-10-8-2.6. Therefore, this right to extended coverage shall not override any rights to continuing health care coverage as required by COBRA.

Article III(B)
403 (b) Annuity Plan

- A. Each teacher may elect to make a salary reduction election and make tax deferred contributions, to a plan described in section 403(b) of the Internal Revenue Code (the "Code") to the maximum limits allowed by the Code. The Board shall forward salary reduction money to the appropriate vendor each month.
- B. The school corporation shall maintain a list of approved investment vendors for the salary reduction contributions made to a 403(b) Plan.

Article III(C)
Buy Out of Retirement Benefits

- A. Elimination of Prior Agreement's Retirement Bridge and Severance Benefit

The Board and the Association specifically reserved the authority to revise or terminate the retirement benefits contained in earlier agreements. Exercising this authority, the Board and the Association now confirm that Article III, entitled "Retirement" in the Agreement immediately before this amendment's effective date, and the severance benefit described in Article III of the prior agreement are terminated and shall not apply to any teacher retiring or severing employment with the school corporation on or after this amendment's effective date. Those teachers who retired or severed employment before the effective date shall only be entitled to the retirement benefits contained in the prior agreement as of the time of his or her retirement.

- B. Entitlement to Retirement Benefits and Vesting Requirements

Upon retirement from Triton School Corporation, a teacher shall be fully vested in the retirement benefits described in this Article if the retiring teacher has satisfied the following requirements:

Any retiring teacher who: (1) meets the "Rule of 85" (as defined by the Indiana State Teacher Retirement Fund in 2003) and (2) has taught 15 consecutive years immediately prior to retirement in this corporation.

- 1. The retiring teacher must submit a written unconditional and irrevocable letter of retirement to both the Board and the Superintendent no later than May 1 of the year when retirement is to begin. However, in the event a teacher is unable to give the required notice because of an accident, ill health, or for another unforeseen reason, the Board shall accept the teacher's late letter of retirement.

- C. Actuarial Determination of Value of the Current Retirement Bridge and Severance

Benefits

The Educational Services Company has been selected to determine the present value of the unfunded severance benefits and retirement bridge benefits described in the prior agreement. In making this present value determination, the Educational Services Company shall use the following assumptions:

1. The assumed interest rate for the purpose of determining the present value is four percent (4.0%) for the first two years and seven and one-half (7.5%) in years three (3) and beyond. However, for post-retirement cash flow purposes, a four and one-quarter percent (4.25%) interest rate shall be used.
2. It is assumed that an employee terminates employment at the end of the school year in which the employee attains age fifty-nine (59), or at the end of the current year if the individual is already age fifty-nine (59) or older. If an employee continues employment after the attainment of age fifty-nine (59), the employee does continue to receive all ongoing board contributions to the 401 (a) and VEBA, and the employee does continue to share in any future forfeitures.
3. The board's contribution to the annual post-retirement single or family health insurance premiums will be assumed to be four thousand seven hundred dollars (\$4,700.00). Irrespective of the teacher's anticipated date of retirement, no further increase in this annual cost is to be assumed. Furthermore, payments will be deemed to terminate when the individual would otherwise be eligible for Medicare.
4. The anticipated amount of the retirement bridge shall be determined using the amount of annual benefit described in Article III of the prior agreement. However, it is assumed that individuals do not retire until the later of: (a) the attainment of age fifty-nine (59), or (b) satisfaction of the eligibility requirements of Subsection B of this Article III(C).
5. Using the method of calculation described in Subsection III, "Severance", of the prior agreement, the severance benefit for each employee will be determined, subject to the following adjustments: For purposes of the calculations, projections of future sick leave accumulation shall be extrapolated based upon each individual's sick leave ratio as of the 30th day of June 2003.
6. The present value of the future severance benefits and retirement bridge payments will be reduced by the Social Security and Medicare taxes (FICA) that would have been payable if the severance benefits and retirement bridge had been paid directly to the employee.
7. The termination assumption rate of three percent (3%) will be applied.
8. Employees hired after the 1st day of July 2003 shall not be entitled to any payment for the eliminated retirement bridge or severance benefits. In other words, no contribution shall be made for individuals hired or rehired on or after the 1st day of July 2003.
9. Amounts forfeited upon termination of employment because of the failure to meet the applicable vesting requirements shall not be reinstated or re-credited if an individual is subsequently rehired or re-employed by the school corporation. However, if the Board approves a leave of absence for an employee, such period of leave shall not result in forfeiture, provided the

employee shall promptly return to employment following the expiration of the period of leave.

10. The present value of the severance benefits and retirement bridge under the prior agreement shall be calculated, effective as of the 30th day of June 2003.
11. To confirm the accuracy of the underlying information to be used in the present value calculations, each teacher shall be provided with his or her basic data that will be used in the calculations, including, but not limited to, the following information as of the 30th day of June 2003: base salary, age, years of service, and accumulated sick leave. The Educational Services Company shall assist in the preparation of this verification sheet for each teacher. However, the Board will have the responsibility to forward the verification sheets to the respective teachers. Any corrections made by the teacher must be returned to the Board within twelve (12) days. Corrections not returned to the Board until after the twelfth (12th) day shall be disregarded. Using the above assumptions and the other assumptions contained on the buy out spreadsheet, the Educational Services Company shall prepare the present value calculations for each teacher and the contributions described hereinafter will be made.

D. Buy Out Contributions.

1. VEBA. The school corporation shall contribute to a voluntary employees' beneficiary association ("VEBA") as described in section 501(c)(9) of the Code, that amount representing the present value of the group health insurance benefits and term life insurance as calculated for all employees under subsection C above. The School Corporation and TTA will establish a committee to select a vendor. A committee of four (4) representatives of the Triton Teachers Association (TTA) and four (4) representatives of Triton School Corporation shall select the vendor for the VEBA. Selection of the vendor must be mutually agreeable to both parties. The terms and conditions for the administration and operations of the VEBA shall be as follows:
 - (a) The amount calculated for each employee will be invested in a separate account. There will be no commingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the vendor for the VEBA.
 - (b) Until such time that an employee has retired and satisfied the eligibility requirements set forth in Subsection B of this Article III(C), the employee shall have no access to the assets held in his or her separate VEBA account.
 - (c) If an employee retires or otherwise terminates employment before satisfaction of the requirements set forth in Subsection B of this Article III(C) the terminated employee's VEBA account shall be forfeited. Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate VEBA accounts. This reallocation shall be in a manner similar to that used by the Educational Services Company in initially determining the present value calculations. Therefore, the VEBA accounts of the following employees will not share in the reallocation of a forfeiture of a VEBA account:
 - (i) Employees who forfeited their VEBA accounts in the same year;

- (ii) Employees who previously forfeited their VEBA accounts.

Furthermore, VEBA accounts of employees who have attained the age of fifty-nine (59), but who have not terminated employment may share in the reallocated forfeiture, but on a reduced basis.

- (d) Following retirement and the satisfaction of the requirements set forth in Subsection B of this Article, a retired employee may use the amounts held in his/her separate VEBA account to pay health insurance premiums, term life insurance premiums, and to be reimbursed for unreimbursed medical expenses of the employee, spouse, and dependents. Furthermore, following the death of an employee who had otherwise satisfied the requirements of Subsection B of this Article, any amounts remaining in the deceased employee's VEBA account may continue to be used to pay these premiums and expenses of the employee's spouse and dependents. At no time may the VEBA make loans to an employee, his/her spouse, or his/her dependents.

Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate VEBA accounts in a manner similar to that used in initially determining the present value calculations. Therefore, the VEBA accounts of the following employees will not share in the reallocation of a forfeiture of a VEBA account:

- (i) Employees who forfeited their VEBA accounts in the same year;
- (ii) Employees who previously forfeited their VEBA accounts.

Furthermore, VEBA accounts of employees who have attained the age of fifty-nine (59), but have not terminated employment may share in the reallocated forfeiture, but on a reduced basis.

- (e) The school corporation shall not be paid any compensation for its services performed on behalf of the VEBA. All costs incurred in the administration of the VEBA and investment fees shall be paid from the VEBA assets.

2. 401(a) Plan. The School Corporation and TTA will establish a committee to select a vendor. A committee of four (4) representatives of the Triton Teachers Association (TTA) and four (4) representatives of Triton School Corporation shall select the vendor for the 401(a) Plan. Selection of the vendor must be mutually agreeable to both parties.

The school corporation shall establish a qualified retirement plan as described in section 401(a) of the Code. The total sum of the amount calculated by Educational Services Company as the present value for the retirement pay and severance benefits shall be contributed by the school corporation to the 401(a) plan by the 30th day of March 2004. The 401(a) plan's terms and conditions for the administration of the 401(a) plan shall be as follows:

- (a) The amount calculated for each employee will be invested in a separate account. There will be no commingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the investment vendor for the 401(a) Plan.
- (b) Until such time that an employee has retired and satisfied the eligibility requirements set forth in Subsection B of this Article, the employee shall have no access to the assets held in his

or her separate 401(a) plan account.

- (c) If an employee retires or otherwise terminates employment before satisfaction of the requirements set forth in Subsection B of this Article III(C), the terminated employee's 401(a) plan account shall be forfeited. The forfeited amounts shall be reallocated among qualified participants.

Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate 401(a) plan accounts in a manner similar to that used in initially determining the present value calculations. Therefore, the 401(a) plan accounts of the following employees will not share in the reallocation of a forfeiture of a 401(a) plan account:

- (i) Employees who forfeited their 401(a) plan accounts in the same year;
- (ii) Employees who previously forfeited their 401(a) plan accounts.

Furthermore, 401(a) plan accounts of employees who have attained the age of fifty-nine (59), but have not terminated employment may share in the reallocated forfeiture, but on a reduced basis.

- (d) Following retirement and the satisfaction of the requirements set forth in Subsection B of this Article, a retired employee may elect to commence distributions from his 401(a) plan account. If an employee dies after having satisfied the requirements of Subsection B of this Article, the deceased employee's 401(a) plan account shall be distributable to the decedent's designated beneficiary or to his/her estate if no beneficiary designation has been made. At no time may a participant borrow from his 401(a) plan account.
- (e) The school corporation shall not be paid any compensation for its services performed on behalf of the 401(a) plan. All costs incurred in the administration of the 401(a) plan and investment fees shall be paid from the 401(a) plan assets.

E. Future Adjustments

The parties agree that this Section III (A-C), or any other provision of this Agreement, does not constitute an expectation of receiving the enumerated retirement benefits by any current employee, future employee, prospective employee or applicant beyond the expiration of this Agreement. Therefore, except as otherwise limited by applicable law, it is understood that the Board and Association may in the future bargain modifications of any kind to this provision, provided however, that the future revision of this Section III (D) shall not affect the retirement benefits of teachers already receiving benefits pursuant to this Section.

Personal days taken to extend regular school vacations (Fall Break, Thanksgiving Break, Christmas Break, and Spring Break) will be counted double. i.e. one (1) day used will equal two (2) days lost. This includes the first contracted day and the last contracted day of the school year. Those personal leave days not used during the school year shall be allowed to accumulate up to a maximum of (5) personal leave days after which the unused days shall be added to the accumulated sick/family leave after the close of the school year.

At the end of the school year, a teacher may choose to receive an attendance stipend in exchange for unused personal business days (up to 3 per year). Upon teacher request, the district will pay teachers \$200 for Personal Leave Days not taken during the current school year. I.C.20-28-6 and I.C. 20-28-9 are the primary basis for this system of pay.

Stipend Unit

One-time money paid in recognition of a particular performance in a compensation category.

Base Unit

Recurring money added to the teacher's base salary (excluding any stipends)

Salary Range

Salary Range, 2023-2024: \$42,500 to \$72,200, not including INPRS contributions; retroactive to the hiring of new bargaining unit members for the 2023-2024 contract year.

Salary Range, 2024-2025: \$43,000 to \$72,700, not including INPRS contributions; retroactive to the hiring of new bargaining unit members for the 2024-2025 contract year.

Base Salary Increases

General Eligibility:

- a. A teacher who received an evaluation rating of ineffective or improvement necessary in the prior school year is not eligible for any salary increase and remains at their prior year salary.
- b. A teacher who is currently receiving the highest salary commensurate with the teacher's educational attainment is not eligible for a salary increase.

Factors and Definitions:

- a. Evaluation rating – The teacher received a highly effective or effective evaluation rating for the prior year.
- b. Possess a content area master's degree – The teacher earned a master's degree in a content area as defined by the Indiana Department of Education after January 1, 2022.

- b. For 2024-2025, the increase for advancing a column (but staying in the same row) is \$2,700. \$1,100 is for the first year of possessing a content area master's degree, and \$1600 for evaluation. (\$1,100 plus the \$500 increase to each step over the previous schedule).

Stipend: A teacher rated effective or highly effective for the 2023/2024 academic year who is receiving the maximum salary commensurate with the teacher's educational attainment will receive a one-time stipend in the amount of \$1,100. Stipend will be paid upon settlement of contract.

Redistribution

Any funds otherwise allocated for teachers who were rated ineffective or improvement necessary will be equally redistributed to all teachers rated effective or highly effective. The redistribution will be in the form of a stipend that will be paid at the end of the school year.

Hiring of Teachers New to Triton

Teachers newly hired to Triton School Corporation shall be placed on the salary schedule at a rate comparable to a current teacher with the same years of experience and degrees possessed. However, to provide flexibility for the Superintendent when seeking an applicant in a hard to fill area, the Superintendent may, at his/her discretion, offer the applicant up to three thousand dollars (\$3,000) additional income in the form of a signing bonus (one-time stipend), an increase to the base salary, or a combination of the two. Notification will be provided to the Triton Teacher's Association when this flexibility is implemented.
